

The image is a promotional poster for the 2021 Online Edition of the IPPOG International Masterclass. It features a dark blue background with a large yellow diagonal stripe on the left. The INFN LNF logo is in the top left. The text '2021 ONLINE EDITION' is in a yellow rounded rectangle. The main title 'IPPOG INTERNATIONAL MASTERCLASS' is in white and yellow, with the dates '1 - 5 MARZO 2021' below it. At the bottom right are three logos: IPPOG (International Particle Physics Outreach Group), International Masterclasses (hands on particle physics), and LHCb.

Laboratori Nazionali di Frascati organizzano la International Masterclass nell'ambito del Progetto **IPPOG**.

Il progetto vede la partecipazione di circa 10.000 studenti di scuole secondarie superiori provenienti da diversi paesi nel mondo.

La Masterclass INFN-LNF si rivolge a studenti del V° anno (Scuole Secondarie di Secondo Grado) e prevede webinar sul modello standard, sui rivelatori e sugli acceleratori di particelle; percorso di coding incentrato sullo studio della gravità; analisi dati dell'esperimento LHCb e videoconferenza con Ginevra (CERN), Mosca (MISIS), Genova e Losanna.

Frascati, April 12th – 16th, 2021

The magic realm of Particle Accelerators

ONLINE EDITION

This year the School will be organized online, on a virtual platform, from the 12th to the 16th of April and will contain a series of lectures. The lectures are scheduled in the afternoons from 3:00 pm to 6:00 pm (Rome CET). Presently we are finalizing our program which you will find in this page.
